

FLIGHT LINES

AUGUST 2005

SMRCC - SHAWNEE MISSION RADIO CONTROL CLUB
P. O. BOX 9512 SHAWNEE MISSION, KS 66201

From your Club President

The next monthly meeting will be August 11 at the field with a fun fly the following Saturday. We will invite two other Clubs to be our guest and will be serving lunch as our treat. Those who have been missing the Saturday fun flies have missed some good flying, good food and the camaraderie. Mark your calendar and don't miss the next one. Please bring canned or dry goods as a donation to Safe Home.

Since the next monthly meeting falls on your fearless leader's birthday I will have to prevail on one of the other officers to conduct the meeting. I'll be another year older and wiser....well.....older when you see me for the fun fly on the 13th.

At the September meeting I will have something to discuss and will ask for a committee to be formed regarding a new field. I think the possible location will surprise you. I am going to keep you in suspense until then.

A meeting with Bill Cobb and Grant Evens has occurred and the outcome is, I believe, 98% certain. But, I will wait to make that announcement to the Club until the contract is signed. Don't worry, at this point it is all good.

Just a quick safety point. At the last fun fly two of us suffered prop strikes. It's like the blonde turtle said when asked by the judge what had happened when she was accosted by the swarthy rabbit. She said "I just don't know, it all happened so fast!" That is the way prop strikes happen. Let's don't loose site of what our toys can do to us. I for one will purpose to think about that prop every time I come close to it. Be safe.

Fly fast and live slow,
Craig Brown
