SMRCC - SHAWNEE MISSION RADIO CONTROL CLUB
P. O. BOX 9512 SHAWNEE MISSION, KS 66201

From your Club President

This month is our 2nd annual family picnic on Saturday, June 21st. Mark you calendars and this is a fun way to meet each other's families and get them involved in our hobby. This year, the club is providing all of the food and beverages. All you need to do is bring yourself and you family. I hope to see everyone there!

Also, anyone who wants to help give the flying and/or static display for the Wyandotte Co. Library event can contact me to help. We will be giving a small group of kids demo flights and I would like to have a decent size static display available as well. We will need to setup for the 11-1pm demo at 10am on Wednesday, July 30th.

I would also like to get some input about any type of flying event you would like to see the club do later this year or next year. Please feel free to send me your suggestions via e-mail.

There is also a really good opportunity this month to check out 2.4 GHz if you are interested. KC/RC is bringing in Steve Kaluf from Futaba to demonstrate and answer questions about Futaba's FASST. They will be also raffling off a radio. See the attached flyer in the newsletter.
